### Cambay Work Program update

---

Synergia Energy Ltd (“**Synergia**” or the “**Company**”) provides the following update regarding the planned work program associated with the Company’s Cambay Field Production Sharing Contract (“**Cambay PSC**”) in Gujarat State, India.

Synergia’s joint venture partner, Selan Exploration Technology Limited (“**Selan**”), is lead joint operator on the Cambay PSC pursuant to the closing of the farm-out agreement on 1 August 2024, with a 50% working interest in the PSC.

Selan plan to conduct workover operations on a minimum of 3 wells and potentially up to 6 wells on the Cambay PSC. The candidate wells are C-20, C-63, C-64, C-70, C-73 and C-77. All workover candidates are currently being evaluated with respect to sequencing and technical requirements. Workover operations are planned to commence in October 2024 and once completed, will be followed by the drilling of two new vertical wells and one new horizontal well. It is anticipated that the workover program will be of approximately 6 months’ duration. Synergia will be carried by Selan through the agreed US\$20 million work program.
